CLYDE ACTIVITIES IN BRIEF

Fifty-six ladies gathered in the Clyde Hall last Tuesday evening at a shower in honor of Miss Joyce Coley, bride of this week. The evening was spent at games. Joyce was the recipient of a large shower of useful and beautiful gifts from all her friends. In a few well chosen words she thanked everyone for the shower of presents. A delicious luncheon was served.

A party was held at the home of Mr. and Mrs. E. Sjostrum on Wednesday evening in honor of Mr. and Mrs. Joe Fuchs whose marriage took place last month. Mrs. Fuchs is the former Miss Yvonne Duval of Red Deer. The evening was spent at cards. A delicious luncheon was served by the hostess.

At the regular Home and School meeting held in the high school on Wednesday evening a representative of the Family Allowances branch showed films and gave a very interesting talk to the members. Refreshments were served.

A jolly party was held in the Grade 7 and 8 room on Thursday evening when the classes invited their friends in for dancing. Refreshments were served. The party was supervised by their teacher, Mrs. Samuels.

At the Junior PWUA meeting held at the home of Mrs. George MacLachlan on Friday evening, Melye Magas was chairman of the evening and Jeannie MacLachlan was secretary. Plans were discussed for a garden club this summer. The children enjoyed games and a sing song. The hostess served a delicious lunch. The home economist, Miss Andreason will be present at the next meeting.

Mr. and Mrs. J. Langford and family were weekend visitors at Lake Wabamun with relatives. A shower was held in Edmonton

on Sunday evening at the home of Mrs. E. Smith, in honor of her grand daughter, Miss Joyce Coley of Clyde, whose wedding takes place Wednesday. Joyce received many beautiful and useful presents. Refreshments were served by the hostess.

A very large crowd gathered in the Clyde hall on Monday to bid farewell to Mr. and Mrs. Jack Fricker who are leaving to make their home in Edmonton. The evening was spent at games and a sing song. Refreshments were served following which Mr. Donald MacLachlan presented the Frickers with gifts from the community. Mrs. Fricker received a set of dishes and Jack was presented with an ash stand. The evening ended with dancing.

CLYDE COMMENTS:

There was a young girl in the choir
Whose voice rose up higher and higher

Till it reached such a height
It was clear out of sight
And they found it next day in the spire.

The following announcement was heard in a city recently: Will the owner of an auto with licence number 90920 please go out move your car? You have parked over an open man hole and the repairman would like to come up and go home.

E. B. JOLIFFE, Ont. CCF leader, has called for a probe into operations of the United Emergency Fund for Britain. Fund is said to have collected \$593,000 and spent only \$880 on food for Britain. The fund will

Farm Women Meet At Home Of Mrs. MacLachlan

CLYDE — The regular March meeting of the Clyde FWUA was held at the home of Mrs. Don MacLachlan. Mrs. I. Taylor's bulletin on legislation was read by Mrs. H. W. Nickerson. Pamphlets on Crippled Children's Hospital Welfare committee work, and Nutrition were distributed among the members.

A sum of \$10 was voted to the Crippled Children's fund, and a further \$10 was allocated to the Cancer Fund. The quilt group showed the finished blocks, and asked that the remaining ones be completed by the first week in May.

The next meeting to be held on May 17 at the home of Mrs. H. W. Nickerson and will be devoted to completion of the quilt. Visitors are welcome.

Rural Health Unit Changes Office Hours

Effective now, the office hours of the Edmonton Rural Health Unit are 8:30 a.m. to 4:30 p.m. during the summer months. Clinic hours on Saturday will continue to be 9 a.m. to 12 noon.

Inoculation Clinics for the month of May will be held as follows:

Gibbons—Wednesday, May 9, 10:30-12 noon.

Egmont—Wednesday, May 9, 2-3 p.m.

Legal—Friday, May 11, 10:30-12 noon.

Vimy—Friday, May 11, 1:30-2:30 p.m.

St. Albert—Wednesday, May 16, 11-12 noon.

Morinville—Wednesday, May 16, 1:30-2:30 p.m.

Parents who live in these and surrounding district are invited to bring their children for inoculations.

Double Gum Should Be Cheaper, Chum

The price of chewing gum is coming down but you'll have to buy two packages to get the saving.

A. L. Moore, president of Wm. Wrigley Co., said in Toronto he anticipated that retailers would sell two packages of gum for 11 cents. Single packages will stay at six cents.

ST. ALBERT NEWS IN BRIEF

Gas pipes are converging from different directions into the centre of town. Gas is expected to be turned on this fall.

Harold Vague attended a two-day course for Scout leaders held in the Scout headquarters on 121 St. and 109A Ave.

Grade 8 led by Harry Pedersen, organized a weiner roast to entertain Grade 7 and 9. Mrs. Cuts was asked to chaperon. Grade 10 boys thought they were intermediate classes that night, why?

Mr. Coates, of the Forestry Branch, will show a film at the hall, Friday, May 11 on Wild Life and Forest Conservation under WI auspices. Candy will be sold by the WI members.

Born to Mr. and Mrs. L. Strand, a son, seven pounds, five ounces.

W. Herron is recuperating at home.

The Hobby Circle met at the home of Mrs. Willie Flynn. Only one member was absent. Mrs. Leonard Myers, who sent word of the birth of a baby daughter. Mrs. M. Ethier of Edmonton was a guest.

On May 1 all members and husbands attended a show and supper party. Next meeting is at 9 p.m. at Allan McDonnell's.

On April 27 a daughter was born to Mr. and Mrs. Andy Kennedy.

Lionel Rouault had five stitches to his cheek, a cut caused by running into a barbed wire fence.

Mrs. Hector McDonald, Larry and Melba went to Sanguito Sunday evening to attend a wedding reception for Mr. and Mrs. Larson who have been married 45 years. Mrs. McDonald made the three-tiered wedding cake for her parents.

H. McDonald was taken to hospital for a very bad throat.

Mr. and Mrs. Art Rosengren and Betty of Camrose spent a day here last week.

Mr. and Mrs. N. Ross motored to Breton to visit Mr. and Mrs. H. D. Armstrong.

Mr. and Mrs. Leo Perron renewed acquaintances last weekend.

The eldest son of Mr. and Mrs. Bernard Bourgeois has undergone a major operation.

W.I. NOTES

Cancer Drive Began Here On Tuesday

ST. ALBERT — The WI are going to collect for the Cancer Fund beginning May 1. We hope everybody will have donations ready when a member calls. Please give to this worthy cause.

PRESENT GIFTS

Mr. and Mrs. C. Laderoute are leaving for an extended visit and tour of the west coastal states. The WI presented her with a diary to keep an account and tell the group of her trip when she returns. The WI presented Mrs. Campbell

Freedom Couple Feted By Friends And Kin On Silver Wedding

The most enjoyable evening ever spent in Freedom took place last Saturday in observance of the silver wedding anniversary of Mr. and Mrs. Ed Donnelly, well known residents of the district. It was a complete surprise to the happy couple, for all plans and preparations were made without their knowledge.

At least 50 relatives and friends gathered to help celebrate the occasion. Included were Mr. and Mrs. Don Hobart, Mr. and Mrs. Willie Donnelly, Gerry, Doug and Larry, Mr. Willie Lynch, Mr. and Mrs. Roger Donnelly, Dorothy, Jean and Norman, all of Clyde; Mr. and Mrs. Charlie Spackman and Mr. and Mrs. Bill Lewko of Nestow; Mr. and Mrs. Dale Meyer and Brian of Edmonton; Mr. and Mrs. Henry Meyer of Barhead; Mr. and Mrs. Fred Meyer and Elvin, Mr. and Mrs. Norton Bruns, Mr. and Mrs. Oskar Hauch, Max and Doris, Mr. Bob Moltzan, Elsie and Sig, Elsie and Henry Carlson, Fritz Hauch, Mr. and Mrs. A. Lehman and Emma, Don Donnelly, Mrs. Aino Carlson, all of Freedom; the Barbas brothers and Fred Puchko of School Creek.

The evening's entertainment included whist, canasta, cribbage and hula, for which prizes were awarded to the winners. Dancing followed with music by Don Donnelly, Fred and Elvin Meyer. Later a delicious lunch was served complete with ice cream, doughnuts, cakes, sandwiches and coffee.

A three-tiered wedding cake was ceremoniously cut by the blushing bride and groom. Short speeches were given by the happy couple to show their appreciation to their many friends. Then presents were opened, the largest consisting of an automatic electric toaster given by their daughters and sons and their families.

Dancing continued to the wee hours of the morning. Everyone had a wonderful time.

With a WI spoon. Mrs. Campbell invited members to visit her at 9923 110 Ave., Edmonton.

Miss Helen Luszcwewski was surprised with a lovely pendant from the WI in token of appreciation for her care of the library every Tuesday evening.

PERMANENT LIBRARY

The Community League have offered to build a room in the hall basement as permanent quarters for the St. Albert Library.

W.I. HEARS SEVERAL SPEAKERS ON VARIETY OF SUBJECTS

ST. ALBERT—A very good meeting of the W.I. was held at the home of Mrs. Maheux last Tuesday.

Mrs. W. Maloney gave a paper on the origin and working of the boy scouts; Miss Wolniewicz spoke on Madame Pandit; Mrs. Atkinson read an article on the harmful effects of the atom bomb; Mrs. N. Ross gave a report of the Cancer Crusade and the organization meeting of the same which she had attended in Calgary. The Cancer Crusade will begin here May 1. Mrs. Boyce gave a talk on the use and value of different detergents. Alternative delegates were

chosen for the Provincial convention, Mrs. Tomlinson, Mrs. Herron and M. Wolniewicz.

Mrs. F. Atkinson demonstrated the planting of plant slips.

A humorous verse was read by president, Mrs. Herron on "The Troubles of a Housewife."

To finish off the lunch all had a taste of the lovely sunshine cake Mrs. L. Barry demonstrated at the opening of the meeting.

This was a full and educational evening for the 45 who were present.

WESLEY KLUTHE, VELMA WAKEFIELD SERIOUSLY INJURED IN ACCIDENT

Five St. Albert persons were passengers in a jeep that collided with a taxi on the highway near St. Albert Monday at 6 p.m.

Sadie Ross Delegate To Cancer Society Convention

ST. ALBERT — Mrs. Sadie Stanton Ross was delegate from St. Albert to the annual meeting of the Provincial Council of the Canadian Cancer Society held in the Sun Room of the Palliser Hotel in Calgary recently.

Theme of the meeting was "Willing Hands" and reports on the thousands of dollars raised, meetings organized, literature distributed and help extended by volunteer workers.

The campaign for funds for the Cancer Society will be in progress

Driver of the jeep, Wesley Kluthe, 20, was taken to hospital with a broken arm and internal injuries. Another passenger in the jeep, Velma Wakefield suffered a fracture at the base of her skull and internal injuries. Mrs. Nellie Wakefield, Edna Wakefield and Lawrence Wakefield suffered only minor injuries. The two injured passengers are in serious condition in an Edmonton hospital.

Driver of the taxi, Frederick J. Wallace, an Edmonton man received only minor injuries and was released from hospital after a check-up.

In St. Albert soon. When the WI canvasser calls on you in the next few days make your donation.

NEW LEGAL WATER SYSTEM HELPS EXTINGUISH STORE BLAZE

LEGAL—The store owned by Arthur Boisvert caught fire April 24. The smoke was first noticed by Claudette Boisvert, who ran for help to the next door neighbors.

It was not long after that the sirens sounded. All the people of the district came to the fire as soon as possible. Some of the men came with the hose and fire truck and not long after the fire was put out. Much damage was caused by the smoke and fire.

Mr. Boisvert had a fire and smoke sale on Saturday. Almost everything was sold. It was the first time since the water had

been installed that it was used to put a fire out.

Mr. Luc Demers has now finished his course of bricklayer at Calgary. Best of luck in your new work.

Mrs. Bernard Montpetit has gone to Calgary. She is gone with her husband who is taking a course in electricity.

Many people enjoyed the show "Easter Parade" in the Parish hall on Sunday.

EDITORIAL PAGE

New Use For Oil Sands

Newsprint production, one of Canada's leading industries, is threatened by a lack of sulphur. Sulphur from the United States and pulpwood from Canadian forests have combined to give the world its principal source of newsprint.

With decreased production in the United States, oilmen in Alberta believe they have a solution to the problem. Sulphur can be recovered from natural gas, of which we have an abundance, at \$17.50 per ton. This production would take place in the more settled parts of the province but would supply only a portion of our sulphur needs.

With demand still far outdistancing supply, Canada would have to find other ways of building up its piles. The most interesting proposal — and, for the moment, the most visionary — came from Petroleum Expert Sidney M. Blair, who reported that the chemical could be produced from the Athabasca oil sands for only \$10 a ton. A square mile of sand, the report estimated, would yield 12 million tons of sulphur. But supporters of the Athabasca project still had to reckon with the problem of getting men and machinery into the outlying region, and moving the sulphur out.

Wheat Farmers And Subsidies

The fuss over the \$65,000,000 final payment to prairie wheat growers is dying down. Mr. Gardiner and his government at Ottawa has been between the cross-fires of east and west ever since the payment was announced. Prairie farmers claimed it wasn't enough; eastern interests said that any payment at all was too much.

In fact, from the way the east has been hollering you'd think the only subsidies paid anyone in Canada were solely comprised of the \$65,000,000 "bonus" to western farmers.

Labor receives an annual subsidy of around \$45,000,000 for unemployment insurance. Gold mines get nearly \$14,000,000. Steel and iron benefit to the extent of nearly \$5,000,000. A special depreciation allowance of half a billion dollars was granted war industry from 1940 to 1945.

The Canadian tariff is a subsidy to eastern manufacturers—paid out of the pockets of western producers for every type of manufactured article from the east. It is estimated the three prairie provinces pay out nearly \$100,000,000 annually to bolster eastern industries in this way.

The western farmers are without doubt entitled to the payment, and perhaps it could be argued more besides. If further subsidies are made to western agriculture they should be in the form of crop insurance.

The farmers of western Canada are under the constant threat of drought, hail, and insect pests and need an over-all crop insurance plan in the same way in which labor needs the Unemployment Insurance Commission.

Morning Devotions

While Mackenzie King lived, he was a regular and faithful listener to "Morning Devotions," a Christian program on the air each morning over CBX and other CBC stations. Until recently this program consisted of a full quarter-hour, but now the CBC has crammed into five short minutes between a sports cast and news cast, from 7:55 a.m. to 8:00 a.m.

For the thousands, of high and low estate, who feel 15 minutes out of 24 hours is not too much for this type of program, we submit the CBC should increase "Morning Devotions" by 10 more minutes.

Note and Comment

We have no way of knowing but money will probably be as tight next year.

A miser is not as bad as those who do not know how to give of themselves.

Twenty years from now, we will publish a book—no advance orders, please!

The millennium will approach when principles outweigh profits and politics.

The Bible Says:

Discretion shall preserve thee, understanding shall keep thee.—Proverbs, II: 11.

This Will Happen To You

By T. W. PUE

I was brought up in a Christian community where it was considered wrong to go to a "picture show" or theatre. As recently as 25 years ago members of our group thought it was wrong to have a piano or organ in the house.

Then came radio. Parents were overcome by curiosity to the appeals of this modern miracle. Radio brought religious and cultural programs, but

T. W. PUE

along with it came Amos 'n' Andy, Radio Theatre and Soap Operas.

The good people who restrained their children from seeing Tom Mix on the screen, now sit at home and listen to Bob Hope and Charlie McCarthy while the housewife consumes a daily diet of quite unwholesome stories about John's cousin's brother's other wife's sister-in-law.

It is now alright to listen to Hollywood over the radio in your own home whereas it may still be considered wrong to view Hollywood on the screen.

I am not attempting to criticize here those who think motion pictures are wrong for their children to see. I would like to point up, however, that sometimes we are not very consistent even in the working of our most cherished principles.

CHEAP MOVIES AT HOME

Now comes television. When I was in Chicago last week, I could tune in five different TV stations. I saw visualized weather forecasts, where the forecaster drew weather trends in black crayon on a printed map. There were cooking schools, amateur shows, newscasts, personal interviews (I saw one of Bob Hope) and punch and Judy shows, the most pointless and silly creations of man's imagination.

And there are movies. For several hours each day children view blood and murder of the old Wild West. There are also telecasts of standard motion picture shows, and as you can well understand, these are the least costly of all programs to put on the air.

In Chicago, you can subscribe to a special service that saves going out to the neighborhood theatre. By means of a special connection between your TV set and your radio you get a current movie feature. The operator then manipulates a dial in the telephone exchange which actuates your set to receive the station over which this movie is being telecast.

In this way, the whole family gets a high standard movie feature right in the house, for about the cost of one admission ticket to the theatre.

23 HOURS A WEEK

The tremendous amount of time taken out of the lives of TV set owners by television is the most astounding thing about it. City and farm homes within a radius of 50 or 60 miles of a TV Broadcasting Station can get good reception on modern TV sets.

The average TV set owner spends 23 hours a week watching the picture shows in his home. He attends the theatre about half as frequently, reads his daily newspaper a few minutes less each day. But a TV set in your home—where would you get 23 extra hours a week. You can't take it all away from Sunday church time.

Books, movies and magazines, primarily media of entertainment and escape lose out most heavily to TV.

Newspapers have not been affected by video, the survey further shows. This would indicate that TV has not proved an adequate medium for news and information of what news programs it has presented have stimulated public interest in getting the interpretation and overall coverage of newspapers.

It's probably a little of each. You certainly can't get a complete picture of the news even by watching every news show on TV. But no word description could equal the drama of the Kefauver hearings.

The survey demonstrates the amazing capacity of the public to take a new medium in stride without any other activity taking the full brunt. Of course theatre owners might greet that statement with a hollow laugh.

The Moon Will Answer Back

Even the moon will play a part at the Festival of Britain's South Bank Exhibition this summer.

Radar technicians are planning to send impulses (80 k.w. strength sent on a wavelength of roughly 24 metres—125 megacycles) 240,000 miles to the moon which will reflect them back in 2½ seconds. Outgoing pulses will be recorded as "pips", but the moon will answer back with "blips".

A receiver is being installed in Manchester as well, so that, by comparing the reception of the reflected wave in two places, an estimate can be made of any invisible radio obstructions that may exist between the earth and the moon. Similar observations will be made in the U.S.A. where radar enthusiasts will be standing by to receive the reflected signals.

Having spiced General MacArthur and his opinions, the Truman administration faces the threat of worsening war in Korea and the whole Far East. Having turned out MacArthur and his proposals for dealing with the situation, which way will Uncle Sam go now?

Voice of the People

"VOX POPULI, VOX DEI"

DEMOCRATIC SAINT

Dear Sir—When Dictator Peron seized the democratic newspaper Le Prensa because its owners refused all its sales to be dominated by Peron newspaper vendors what an outcry followed, even in your paper.

But only two weeks ago, Dictator Manning passed a law which allows him to dominate "the sale of" every bushel of oats or barley in Alberta—dare to defy him and we face a \$500 fine or six months in jail.

Newspapers and farm produce have an equal right to an open market. Peron is reviled as a dictator crook while Manning is upheld as a Democratic Saint. Why? Rockfort Bridge.

TOM POULSON.

"HEAVY" BOOKS

Dear Sir—A report from the Edmonton library board says more people are reading serious and religious literature than ever before.

Two recent letters in the Voice column expressed the same question that Lord profounded in John 6:68 "Peter, to whom shall we go?" With 256 religions, where can one find the truth?

The one who answered Peter—God—is ever willing to answer any enquiring mind.

Edmonton. ED BENNER.

ROAMING-EYE BLUES

Dear Sir—I have been keeping steady company with this girl for eight months and still, on dates, she always stares at every Tom, Dick and Harry, regardless of where we are. Why do women make a man conspicuous by doing things like that? If he's unwanted, why doesn't she just reject his offers of dates instead of spending the evening looking at strange men? It's too much for me.

DISGUSTED NICK.

TOTAL CONSCRIPTION

Dear Sir—With inflation growing more severe, and the threat of world war more ominous, the federal government should install Technocracy's program of total conscription. Total conscription of men, machines, material and money would put our country on a stable basis.

Edmonton. TECHNOCRAT.

ARABIAN REQUEST

Dear Sir—It may not be generally realized, but Arabian people regard the word "Arabs" as a slang expression and disrespectful. May we Canadians of Arabian origin, who proved our loyalty by our record in the last war, be given this consideration? The term should be Arabic or Arabian—not Arab. Thank you.

Innisfree.

READER.

BIG MONEY

Dear Sir—I thought I was in a spot making only \$35 to \$40 a week driving taxi. Last week I applied for a job driving truck. I had to get to work every morning at 7 a.m., work until five, take the truck back to the boss, then go home via street car. And do you know how much they offered me. \$18 a week! That was on April 24, 1951!

Edmonton. BEWILDERED.

FRANK'S PLAN

Dear Sir—I have become much worried about those radio soap operas about unfaithful wives, their boy friends, and upset husbands. But I think I have a remedy: Our entertainment and culture already are set by the Hollywood tomcats and their felinies. So why not adopt their delightful marriage customs as well. Just pass the woman around; everybody have a good time, no hard feelings.

Killam. FRANK B.

DIPLOMAS FOR WIVES

Dear Sir—When a girl marries a boy she expects him to be learned in some trade, earning enough to support her. Now, if the boys would get together and insist on seeing a Certificate of Graduate Cook before marriage, I am sure we'd save a lot of wee-begone belches, burps and lifetime ruined stomachs, all caused by the hit-or-miss frying pans of the untrained bride of today.

Jasper Place.

E.W.

HE WANTS TO KNOW

Dear Sir—If the Bible is infallible why is it that the Book of Mathew says there were 23 generations from David to Joseph and the Book of Luke give 12 generations? Also, there is not a single name in the two genealogies the same.

Craigmyle.

F. J. McNEY.

ALBERTA

A News Section About Alberta People,
Week Ending May 5, 1951

Alberta Research Council Active In Probing Problems of Science

Science is aiding the economy of Alberta through the work of the Research Council of Alberta, oldest provincial research body, in Canada.

At the council's offices and laboratories in the University of Al-

berta, a staff of engineers and scientists most of them who are members of the university faculty or postgraduate students, carry on research into many complex problems.

The council is made up of nine members representing the Executive Council of the Government of Alberta, private industry and the University of Alberta. Hon. N. E. Tanner, Minister of Lands and Forests and Minister of Mines and Minerals, is chairman. Other government members are Hon. E. C. Manning, Premier, and Hon. Dr. J. L. Robinson, Minister of Industries and Labor. Private industry is represented by R. J. Dinning, O. C. McIntyre, R. D. Purdy and F. V. Seibert, while President Andrew Stewart of the University of Alberta is university member. Dr. Robert Newton is Director of Research and W. A. Lang is Secretary of the council.

Purpose of the council, first set up in 1919, is to forward the development of the Province's natural resources. One of the first projects was an investigation into whether oil could be separated from the Athabasca bituminous sands. Dr. Karl A. Clark joined the staff in 1920 to take charge of this work and by 1949 had developed a process for separating the oil which was successfully applied at the sand separation plant of the Government of Alberta at Bitumont.

Research into Alberta's coal resources consistently has taken up more of the scientists' time and the council's budget than any other product or project related to the Province's economy.

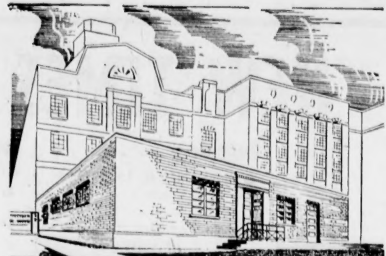

Geological survey work is another branch of the council's activities. In 1950 the council took over a survey of geological deposits which have accumulated over the last million years and now are of importance in relation to soil surveys and planned highway construction. This year the council will make an economic survey of non-metallic minerals such as limestones, sands, clays, gravel, building stone and others.

Research into the use of natural gas as a raw material for the production of industrial chemicals and liquid fuels was undertaken by the University of Alberta Department of Chemical Engineering with financial assistance provided by the council.

During 1950, a report of natural gas and its relations to Alberta's industrial development was prepared by the council and submitted to a hearing of the Alberta Petroleum and Natural Gas Conservation Board at Calgary. The position of the council on the relation of natural gas to industry was vindicated recently when the Celanese Corporation of America announced plans to build near Edmonton a large petro-chemical plant utilizing Alberta natural gas. The Alberta Soil Survey is carried on jointly by the Research Council of Alberta, the Dominion Department of Agriculture, and the University Department of Soils. Reconnaissance soil survey maps and reports covering the greater part of the main agricultural regions of Alberta have been published.

The Research Council parties now are engaged in surveys of the Peace River district, where several million acres of arable land have not yet been brought under cultivation.

Technical questions submitted to the council by industry and government agencies are answered by the council's industrial engineer, a position created in 1945. John Gregory is the industrial engineer.

UNIVERSITY OF ALBERTA-90 J.S. McEachern Cancer Research Laboratory

NEW CANCER research laboratory will be built shortly on University of Alberta campus in memory of Dr. J. S. McEachern, great Calgary physician. Canadian Cancer society has donated \$150,000 toward construction of the centre.

Search for Talent Sets Date for Semi-Finals

Twenty-four central and northern Alberta communities will be represented at the fourth annual Search for Talent semi-finals to be held at the Edmonton Sales Pavilion Saturday, May 5.

The semi-finals will mark the second last event in a series of weekly shows held in towns within a 150-mile radius of Edmonton throughout the fall and winter season. Shows are sponsored jointly by Radio Station CFRN and the Edmonton branch of Associated Canadian Travellers who conduct the Northern Alberta Crippled Children's Fund.

The A.C.T.-CFRN search for talent shows are held for a three-fold purpose; to open the doors of opportunity for talented Albertans, to provide entertainment for show patrons and radio listeners, and to raise funds to give crippled children a chance to enjoy life like other youngsters.

An average of twenty entries have participated at each centre. Winners are selected by balloting both at the show and during the following weeks by mail. First, second and third place winners win local awards and the top artists are invited to Edmonton to participate in the semi-finals.

With 24 communities represented, seats for the semi-finals are at a premium despite the seating capacity of more than 2500. Officials in charge have arranged for advance mail ordering, with those writing in earlier naturally getting the priority. General seat sale will open at Mike's Newsstand on Saturday, April 28. Mail orders will be opened on that date but the earliest post marks will be attended to first.

As was the case throughout the season, the A.C.T. Crippled Children's Fund Committee and Radio Station CFRN, are co-operating in presenting the semi-finals May 5, and the finals May 19. Show will open at 7:30 on each occasion.

The LIGHTER SIDE

Not Very

Mrs. Flanagan: "Was your husband in comfortable circumstances when he died?"
Mrs. Murphy: "No, he was half way under a train."

Business

"I always encourage my husband to recline in an easy-chair and put his feet on the mantel-piece."
"Why?"

"When he goes to bed there is usually some small change left in the chair."

Room for Improvement

One Goldwynesque character in the retail merchandising business in the midwest, when asked how business was, responded: "Phenomenal."

Then he sagely added: "But it should pick up this fall!"

He Should

The school visitor was putting questions to a class of boys. He nodded to a little fellow with curly black hair. "Do you know the Ten Commandments?" he asked.

"No, sir!" said the boy.
"What! You don't know the Ten Commandments? What's your name?"

"Moses," said the boy.

Experienced

Sweeping back his long black hair with an impressive gesture, an actor faced a director in a movie studio. "I have come, sir," he announced in a deep voice, "because I want a job in your latest picture."

"Have you had any experience acting without an audience?" asked the director.

A flicker of sadness appeared for a moment in the expressive eyes of the actor.

"Acting without audiences," he replied, "is what brought me here."

One-Sided

"I understand you have a very economical wife."
"Oh, yes. We have to go without practically everything I need."

LETTER TO LOUISA

Man Marries Four Times, Still Loves Second Wife

Dear Louisa:—I have been married four times. I did all the marrying in my younger days.

Now I am forty-two years old and am not happy with the last marriage. My wife is much older than I am.

I love my second wife. I see her right often but never get a chance to talk to her. She is married again but I am not satisfied and just can't be contented anywhere very long. When I see this woman I get nervous. She is continually on my mind. There's very little difference in our ages and I realize now that she was my wife.

I've travelled a lot in the U.S. and Canada and I have never found another who appeals to me like this woman. Life is not worth living. Would it be wise to try to get her back or go on living without her?

I will be watching your column so please help me.

UNHAPPY.

Answer:

You seem to be a very restless, impulsive person, who has not given enough thought to making your life a success. I imagine that you married very young, when you should have been concerned with getting an education and a start in some profession. You probably found it so easy to part with your first wife that you made no effort to make your second marriage a success. This kind of behavior can become a habit and a very bad habit at that.

I think you would be very unwise to try to break up your second wife's marriage. To begin with, if she has a grain of sense, she will certainly not leave an ordinary good husband for a man who is so unstable as to have been married four times and is now ready for another change.

What we put into marriage has a lot to do with what we get out

of it and too many people of the present day tend to treat this relationship too lightly.

If men and women would take time enough to find out what kind of people they are marrying, it would save a lot of grief and heartaches. And when once they decide on a mate, they should make up their minds that it is a bargain for life and not something that can be changed when one becomes bored or tired.

The people who are always divorcing and marrying are usually unhappy people because they do not understand what real marriage means.

I remember reading an article that was written by a woman who had divorced her first husband and had married a second time. She wrote that her second marriage was a success but that if she had tried only half as hard to make the first one work, she would never have had a divorce. She also said that while all men do have the same faults, they have different kinds of irritating habits.

I feel sure that the same thing is true about women.

Try and salvage what happiness you can out of your present marriage.

LOUISA.

Board Will Borrow and Sell Debentures To Finance 1951 Building Program

The Divisional Board of the Sturgeon School Division No. 24 met on Friday, March 31st, to discuss the proposed building program for 1951.

Mr. Patrick Campbell-Hope, architect interviewed the board and preliminary sketches were studied.

This meeting was adjourned until April 20 in order to give the architect time to complete plans and specifications.

In the meantime arrangements were being made to finance the building program by the sale of debentures; and by assistance from the school borrowing board, under the School Borrowing Assistance Act.

The board met in full session on April 20 and approval had then been received from the board of Public Utility Commissioners to borrow the sum of \$130,000 on the security of the division for the purpose of building and equipping new schools at the Dunrobin school district, Namao school district, Gibbons school district, Saskatchewan school district, completing schools at Villeneuve, St. Charles and Alcomdale, purchasing sites, constructing fencing and purchasing furniture and fixtures.

ENTERS AGREEMENT

The divisional board entered into an agreement with the architect to perform professional services in connection with the school buildings at Vimy (Dunrobin), Namao, Gibbons and Saskatchewan SD 2 for a basic rate of three and a half per cent on the cost of the said projects.

By motion of the board, application for assistance was made to the School Borrowing Board for an advance of \$39,000 being 30 per cent of the total borrowing by debenture for capital purposes approved by the Board of Public Utility Commissioners; and for a guarantee by the Provincial treasurer on behalf of the province, of the payment of the interest on the debenture borrowings by the division in the sum of \$91,000 to be obtained from a source other than the revolving fund.

ACT AS AGENT

The debenture branch of the department of education was authorized to act as exclusive agent for the Sturgeon School Di-

vision to arrange the sale of debentures on its behalf, in the amount of \$91,000 repayable in 15 years.

A lot—54'x114' at Vimy was offered to the division by the owner, Mr. Parent for the sum of \$200; it was decided to accept acquire additional land for the this offer.

An endeavor is to be made to playgrounds at Namao and Gibbons.

The plans for the new schools at Vimy and Gibbons were approved except for some alterations on the Vimy plan to make provision for activity areas in all four classrooms. The plans for Namao and Saskatchewan SD 2 are expected to be ready for consideration by April 30.

Authority was given to three divisional trustees and the secretary-treasurer to attend the annual refresher course to be held at Banff on June 5, 6 and 7. Course was previously held at the University of Alberta for the past six years and it is being held in Banff this year for the first time. A resolution to this effect was passed at last November's meeting of the Alberta School Trustees' Association.

MORINVILLE MUNICIPAL DISTRICT QUALIFIES UNDER ASSISTANCE ACT

Municipal District of Morinville qualifies for assistance under the Municipals Assistance Act and must apply to the Provincial Treasurer before April 30.

The Municipal Assistance Act was read to the council and was dealt with at great length. Each year the Provincial Treasurer pays into a fund a proportion of the fuel oil tax equivalent to four cents per gallon for each gallon of fuel oil on which tax was collected under the Fuel Tax Act during the preceding calendar year. By reducing the taxes, a municipality qualifies for a portion of this. The act was ordered tabled until the budget was brought up.

Present at this meeting of the municipal district council meeting, held April 12 and 13, were John Schafers, division 1; Stanley M. Walker, division 2; Nick C. Perrott, division 3; Gustave Meunier, division 4; J. G. Desseault.

The meeting was called to order at 10 a.m. by the Reeve.

It was moved by Reeve Desseault and carried that the rate of pay for labor for 1951, as it appears in the minutes of the last meeting, be rescinded and that we set hourly rate of pay for Public Works as follows: Single horse, 75¢; 2-horse team, 40¢; 4-horse team, 80¢; grader man, 80¢; tractor man, 75¢; road foreman, 80¢; cat-skinners (fully experienced), \$1.10; cat-skinners (inexperienced), 90¢; cat-skinners (beginners), 75¢; farm tractors (at councilor's discretion), \$1.25-\$3.00; elevator grader man (experienced), \$1.10; snow plowing (one man and cat), \$1.10; patrol operators (experienced), \$1.10; patrol operators (inexperienced), 90¢; patrol operators (beginners), 75¢; repair man (experienced), \$1.10; repair man (helpers), 75¢; public work (mileage), 8¢; labor under Nodous Weed Act (maximum), 75¢.

Accounts were now presented to the council for the accepting and presenting for payment.

F. J. Kyle and S. L. Whitson called on the council in regards to road construction in their vicinity and as to the amount of private grants requested by the councilor concerned. The council advised them that this matter would have to be settled with the councilor concerned and that this question could be taken up at the next regular council meeting in May.

Moved by Councillor Schafers and carried that we pay our weed inspectors the following rates and that they be allowed to furnish their own transportation. Weeders will be: experienced, \$10 per day, and inexperienced, \$9 per day.

Rate of Pay for Councilors

Moved by Councillor Meunier and carried that we set our rate of pay as follows: For meetings, \$8 per day and 10¢ per mile; supervision, \$8 per day and 10¢ per mile; committee work, \$8 per day and 10¢ per mile; Reeve's fees, \$8 per day and 10¢ per mile.

Employees' Holidays

It was moved by Councillor Perrott and carried that the office employees having worked one year or more be allowed two weeks holiday with pay. The period and time of holidays to be left to the discretion of the secretary-treasurer and all other employees have holiday pay in accordance with the Board of Industrial Relations Holiday with Pay Order No. 5, (1949).

C. Harrocks now called on the council in regards to the contract of J. B. Rogers with the Department of Lands and Forests under the Veterans' Land Scheme. He was advised that the council had expended \$39.09 in fire fighting on the said land during the year 1950, and there was also a charge of \$90 for cleaning a ditch. Mr. Harrocks was informed by the council that they may be prepared to accept a comprom-

ise for full settlement in regards to this land. Councillor Perrott moved that as the ditching was done on the road allowance that the Secretary-Treasurer be authorized to make the necessary cancellation in the ledger, said cancellation is in the sum of \$90.

Mr. C. B. Nickel, owner of the S.W. Qtr. 36-58-27-W4, called on the council in regards to a certain borrow pit taken by the municipal workmen at the time of road construction in 1949. The matter was thoroughly discussed with the council. Councillor Desseault moved and it was carried that we settle with Mr. Nickel for the said borrow pit, amount of full settlement being 40¢ as agreed.

Requisition as received from the Edmonton Rural Health Unit for the year 1951, in the sum of \$1,316.81 was presented to the council. It was moved by Councillor Walker that we accept this requisition and that we pay our first quarterly instalment in the sum of \$329.20.

Fishbone's Transport

Account in the sum of \$95 was presented to the council for the moving of the old DT Caterpillar from Morinville to Edmonton. Moved by Councillor Meunier and carried that Councillor Perrott be delegated to interview the Company regarding the said account as to the hours as charged. A letter as received from A. M. Wilson regarding agreement between the municipality and the Seed Cleaning Co-op, was read to the council. Letter was ordered filed.

Court of Revision

Court of Revision was opened at 2 p.m. The council was all present and J. O. Patry acted as Clerk of the Court.

The following re-assessments were dealt with: N. E. Qtr. 28-53-25-w4th, 160 acres, from \$2,640 to \$2,400; N.W. Qtr. 28-53-25-w4th, 160 acres, from \$2,700 to \$2,500; N.W. Qtr. 27-52-25-w4th, 156.49 acres, remains \$3,070; P.W. Qtr. 32-54-25-w4th, 1 acre, remains \$1,250; S.E. Qtr. 11-57-25-w4th, 160 acres, remains \$3,070; S.E. Qtr. 14-57-25-w4th, 160 acres, remains \$2,970; S.E. Qtr. 32-55-25-w4th, 160 acres, remains \$3,430; N.W. Qtr. 4-54-26-w4th, 160 acres, from \$3,770 to \$3,500; Pt. N.E. Qtr. 32-53-25-w4th, 40 acres, remains \$1,190.

Moved by Councillor Schafers and carried that the above assessments as revised or unchanged be approved by the Court and that the Court be closed forthwith.

Flood Complaint

A flood complaint as received from Mrs. McMillan was brought to the council's attention. Moved by Councillor Walker and carried that this matter be referred to Councillor Perrott for his attention.

The road delegation, composed of Walter Frank, Henry Albrecht, Fred Calabee and Ruben Albrecht, was heard. Walter Frank acted as spokesman for the delegation and addressed the council in regards to roads in their district which were used as school bus routes. The delegation was informed by Councillor Walker that he had in mind to high grade some of the roads in that vicinity during the year and that machines would be there early to begin construction. The council approved of the matter as explained to the delegation by Councillor Walker.

Complaints as received from ratepayers regarding blocking of ditches between Sections 27 and 28 by Recent Drilling Co. were read to the council, also the requisition received from the said company regarding the installation of culverts at the said location. The

matter was referred to Councillor Schafers for his attention. He advised the council that this ditch was snow-blocked up to the present and no water, as yet, was up to where the oil company had blocked the ditch. However, the matter would receive his further attention.

New Ditch

Complaint in regards to a new ditch north of Section 9-57-27-W4 was now read to the council. Councillor Perrott explained to the council that a bridge is required at this location where, at present, there is only a 72-inch culvert installed. Moved by Councillor Meunier and carried that this matter be referred to Councillor Perrott for his further attention.

Complaint regarding water passing over the high grade at the N.E. Qtr. 6-56-24-W4 was read to the council. Moved by Councillor Schafers that Councillor Meunier be appointed to investigate this complaint at his earliest opportunity.

Request to move a dwelling from Lot 2, Plan 7770-2, Riviere Qui Barre to the Town of St. Albert, as received from L. C. McLeod, was now read to the council. Moved by Councillor Meunier that Mr. McLeod be informed that he must get permission from the Town of St. Albert to move said building into the Town and then the council will be in a position to grant him permission to remove the same from the district.

Application as received from Gavin S. Breckenridge for a race track at S.E. Half 25-53-25-w4th was read to the council. Moved by Councillor Schafers that this matter be taken up by our representative, with the District Planning Commission in order that an approval or disapproval of the same may be arrived at. Carried.

Town Planning

It was moved by Councillor Perrott that we authorize the Town Planning Commission to proceed with a general plan for this municipality at their earliest opportunity. Carried. Moved by Councillor Walker that Gavin S. Breckenridge be notified to meet the Edmonton District Planning Commission in regards to a race track at the said location. Carried.

Minutes of the March 28 meeting of the Edmonton District Planning Commission were now read to the council and as the matter of the proposed oil road has been attended to by the council, this matter is to be taken up with the Commission by our representative at their next meeting. Moved by Councillor Walker and carried that the minutes, as read, be adopted by the council.

Dickson and Dickson

The secretary's reply to a letter to Dickson and Dickson, dated April 7, in regards to the W. Half 3-57-26-w4th, formerly under the control of the Service Board, was now read to the council. Moved by Councillor Meunier that the secretary's reply be approved. Carried.

Letter dated March 30, advising that the Agricultural Service Board conference is to be held at the University of Alberta on June 14 and 15, was read to the council. Moved by Reeve Desseault that Councillor Walker, Chairman of the Service Board, and Walter Ellett, Field Supervisor, be appointed to attend this conference. Carried.

Letter dated April 5, received from Keck-Gonnemann Company, was now read to the council regarding a trade licence to wholesale and retail greasiers and parts. Moved by Councillor Schafers that we advise the Dept. of Industries and Labour that the council have no objection that license be granted to the above. Carried.

Civil Defence

A letter dated April 4, as received from Hon. C. E. Gerhart, Chairman of the Civil Defence Committee, was now read to the council advising that a conference

will be held in the Community Hall at St. Albert on Friday, April 27 at 8:00 p.m. Moved by Councillor Schafers that we delegate Councillor Perrott to attend the said conference on behalf of the municipality.

Letter received from W. Knagn regarding the plowing of snow-blocked roads, was read to the council. The letter was ordered filed.

Offer of \$100 received from A. F. Smith for Lot 4, Block 2, Pickardville, was brought before the council. Moved by Councillor Meunier that we accept \$100 for the lot and that the Reeve and Secretary be authorized to issue transfer for the same. Said transfer to be forwarded to the purchaser with the Duplicate Certificate of Title for registration at the purchaser's own expense. Council adjourned at 6:30 p.m. and re-assembled at 10:00 a.m. on April 13, 1951.

Ban Order

Moved by Councillor Walker that Ban Order No. 1-51 in the municipal district be modified to halfclosing for trucks on all district roads only effective at 7:00 a.m. April 16, and that the Secretary arrange to have the same broadcasted. All side roads to remain under ban until further notice. Carried.

Moved by Councillor Perrott that our road foreman be instructed that public work truck must be used municipal purposes only and is not to be used to convey workmen to their homes morning and night as the municipality provides accommodation for the workmen wherever they are on the job. Carried.

Moved by Councillor Schafers and carried that we appoint all road inspectors to collect minimum taxes which have not been paid and that they be allowed a commission of 10 per cent for each collection made.

Moved Councillor Walker and carried that we appoint Walter Ellett as the Municipal Welfare Officer for the current year.

Moved by Council or Perrott and carried that we instruct our road foreman to engage the following Cat operators and elevator man at the beginning of the road construction period: Gilbert River Cat operator; Felix Messier, elevator, and F. Kramps, handy man, operator; A. W. Kieser, Cat operator, and F. Kramps, handy man. The road foreman is empowered to hire and fire when found necessary.

Council adjourned for lunch at 12:15 p.m.

Vitamin Capsules

The question of vitamin capsules for the year was discussed by the council. Moved by Councillor Walker that we advise the Edmonton Rural Health Unit that we are prepared to have the vitamin capsules distributed throughout the municipality during the current year. Carried.

\$1.00 a Day Hospitalization

Moved by Councillor Meunier that Councillors Schafers and Desseault be appointed as a committee to contact the Immaculate Hospital at Westlock and also the Edmonton Hospital Board in order that the necessary contracts regarding dollar a day hospitalization be prepared so that the scheme may go into effect on July 1, 1951.

Council advised the Secretary to prepare a Hospitalization By-law in order that the same may receive the council's attention at the next regular meeting which is to be held on Thursday, May 10. Carried.

By-law No. 107 which received first reading at the council meeting held on April 3, was again presented to the council. This by-law was in regards to the purchase of a motor grader. It was ordered tabled until the next council meeting.

The following requisitions were presented to the council as entered in the budget for the setting

of the mill rate for taxation purposes for he year 1951:

Stony Plain School District, No. 23, \$542.97; Sturgeon School Division, No. 24, \$117,749.46; Ste. Bernadette R.C.S. School District, No. 34, \$2,000.00; Thibault R.C.P. School District, No. 35, \$4,944.60; Westlock School Division, No. 37, \$23,817.25; Clyde Consolidated School District, No. 67, \$878.80. By-law No. 108 for fixing the several mill rates for school purposes was given first and second readings as follows:

Stony Plain School District, No. 23, 28 mills; Sturgeon School Division, No. 24, 25 mills; Ste. Bernadette R.C.S. School District, No. 34, 24 mills; Thibault R.C.P. School District, No. 35, 24 mills; Westlock School Division, No. 37, 26 mills; Clyde Consolidated School District, No. 67, 33 mills. Moved by Councillor Schafers that we give this by-law third and final reading and that the same be passed forthwith. Carried.

Agricultural Service Board

Moved by Councillor Walker that we approve the recommendation of the Service Board to place S.W. Qtr. 1-59-26-w4th under supervision and that the Reeve and Secretary-Treasurer be empowered to execute said agreement on behalf of the municipality. Carried.

Preparing of Budget for 1951

The school rates having been levied the council worked on the municipal budget for the current year and after due and careful consideration the municipal budget was set as follows:

General Government	\$13,000
Protection to Persons and Property	7,600
Public Works	84,720
Sanitation and Waste Removal	100
Health	15,360
Social Welfare	6,750
Recreation and Community Services	2,100
Debt Charges	100
Provision for Reserves	13,500
Capital Expenditures Out of Revenue	57,130
Miscellaneous—Discount on Current Taxes	12,520

Moved by Councillor Schafers and carried that we adopt the above budget as now prepared and set our mill rate forthwith.

A by-law authorizing the Secretary-Treasurer to levy for municipal purposes at the rate of 22 mills on the dollar of assessed valuation of property to meet current expenditures for first and second readings. Moved by Councillor Perrott that we give this by-law third and final reading and that we pass the same forthwith. Carried.

Moved by Councillor Walker that a copy of our estimates in detail, as prepared along with copies of by-laws No. 108 and 109 be placed in the records of this meeting. Carried.

Councillors were advised that Form A must be prepared and filed at the next meeting, as the government grants will then be known. The engineer will no doubt be contacting the councilors at this meeting in order that council may know when the grants are to be located and on what roads. Carried.

Moved by Councillor Walker that we hold our next regular meeting on Thursday, May 10, beginning 10:00 a.m. Carried.

Moved by Councillor Schafers that we adjourn this meeting at 5:00 p.m. Carried.

By GEORGE A. DOBIE
(British United Press Staff Writer)

Nearly 10,000 square miles of Alberta "muck" may soon provide the western world with one of its biggest sources of oil.

Ever since the earliest explorers, including Benjamin Franklin, came upon northern Alberta's multi-billion barrel tar sands, the question has persisted: could the deposits be tapped economically?

Today, following years of costly research, the question was believed to be close to being answered for the first time.

The Alberta government, which took a major part in investigating the area 150 miles north of Edmonton in recent years, recently came out with an affirmative answer. It published a report by petroleum expert Sidney M. Blair, of Toronto, who had conducted a 12-month investigation of all available information for the government.

Blair's report that the oil could be extracted from the sand and moved by pipeline to market outlets at a profit created wide interest throughout the western hemisphere.

The giant Anglo-Iranian Oil Co. of London was the first to show direct interest. Three officials of the firm made an on-the-spot investigation.

Whether the report to London was favorable, and whether the company will develop the area, re-

mained questions for the future to disclose, but Alberta authorities felt the latest developments were the best yet.

Those who had viewed the tar sands said they stretched 100 miles along the Athabasca River and 60 miles on either side of it. Published drilling information said deposits were hundreds of feet deep in places. They were also believed to exist far beyond what could be seen from the surface.

When men walked across the naked deposits, they got oil stains on their shoes. During the summer heat, oil could be seen oozing to the surface and running down the river banks.

It is also possible that as a by-product of the oil sands chemicals might be produced to supply sulphur for use in the production of newsprint.

Newsprint production has been hard hit by a shortage of sulphur.

Estimates of the reserves ranged as high as 250,000,000,000 barrels, but the exact amount was expected to be realized only when the area comes under development. The key to development was believed to be the means of separation. In this regard, the Alberta government developed a hot water process or dehydration.

The Blair report made these conclusions:

1. The sands could be mined and processed by established methods. The product would be a de-sulphurized blend of gasoline and gas oil resembling medium gravity crude.

2. Production could be attained with a reasonable profit of 40 cents on the barrel. The crude was valued at \$3.50 a barrel at the Great Lakes terminal of the Canadian pipeline line, about 1,200 miles east of here. The total direct operating costs was estimated at \$3.10 a barrel for production and delivery, including all associated field costs and administration, but excluding an allowance for interest on the capital or profit. (Blair's report was based on production from a \$5,000,000 refinery at the scene, producing 20,000 barrels daily.)

3. The 40 cents per barrel profit could yield between five and six per cent on the capital involved, exclusive of that required for transportation which was considered on a direct profit earning basis.

4. Further study and research could possibly increase the margin of profit through a reduction in production and associated costs, and through higher production.

A dotted eucalyptus will bloom for several months if kept at a temperature of 65 to 68 degrees.

LESLIE BELL SINGERS are one of radio's most popular feminine groups. Conducted by Dr. Leslie Bell, group will be missed on Canadian airwaves until they return to radio next fall.

Loans to Alberta Farmers Exceed \$600,000 Mark

New loans in Alberta for the fiscal year ending March 31 probably will total \$600,000, according to J. C. Murray, of Ottawa, chairman of the Canadian Farm Loan board, who is visiting Edmonton.

The chairman said payments on previous loans probably will total \$350,000, leaving a net increase of \$250,000.

For the dominion as a whole, loans for the fiscal year are expected to run around \$5,000,000, which is about the same as the previous year, said the chairman. In the 1949-50 fiscal year the total was about \$5,000,000 while the year before loans aggregated \$4,600,000.

Under the Canadian farm loan board's operations, farmers may obtain loans for periods up to 25 years at an interest rate of 1-2 per cent. The funds are used for purchasing machinery, erecting farm buildings or acquiring land for farming purposes.

Well known in the Edmonton area and the Alberta district, Mr. Murray was manager of the Alberta branch of the Farm Loan board from 1929 to 1935. From 1936 to 1938 he was manager of the Farmers' Bank of Canada in Edmonton. Subsequently he was credit manager here for the International Harvester Company of Canada, Ltd., and an inspector for the Credit Foncier Franco-Canadian Co.

CPR Veterans To Get First Look At Canada

CALGARY — (BUP) — Two Englishmen who worked a total of 80 years for the Canadian Pacific Railway finally got around to taking a look at Canada.

E. C. Clement of London, and A. E. Poole, of Liverpool, worked for the CPR in England and saw Canada for the first time on a company-sponsored tour. Poole is chief freight clerk of the Liverpool office and Clement a traveling freight agent.

They were most impressed by the warmth of centrally-heated Canadian houses and the fact that plumbing didn't freeze, they said.

Both were delighted by "inexpensive" Canadian cigarettes. Poole said he had given up smoking because of the high cost in Britain, but had started again since he arrived in Canada—before cigarette prices went up with the budget.

Important Changes In C.P. Rail Service

Important changes in the train service between Edmonton and Hardisty went into effect April 29, the Canadian Pacific Railway had advised.

Train 532 on Tuesday, Thursday and Saturday leaves Edmonton at 6:45 p.m. It arrives in Leduc at 7:19 p.m.; Wetaskiwin, 7:52 p.m.; Camrose, 8:50 p.m.; Daysland, 9:42 p.m.; Strome, 9:58 p.m.; Killam, 10:15 p.m.; Loughheed, 10:55 p.m.; and Hardisty, 11:20 p.m.

Train 531 on Monday, Wednesday and Friday leaves Hardisty at 7:19 a.m. It arrives in Loughheed at 7:38 a.m.; Killam, 8:04 a.m.; Strome, 8:21 a.m.; Daysland, 8:39 a.m.; Camrose, 9:28 a.m.; Wetaskiwin, 10:20 a.m.; Leduc, 11:04 a.m.; and Edmonton 11:20 a.m.

Mechanical Nag To Star In Fair

TORONTO, Ont. (BUP) — Visitors to the National Trade Fair in Toronto this year will see a "push button" horse that can beat a rodeo bronco.

Inventor W. J. McIntyre said the mechanical nag, with a "complete nervous system," can also prance, trot, paw the ground with one foot, shake its head and switch its tail. McIntyre said his unannounced creation was a great improvement over his first mechanical nag "Blowtorch" which was featured at the fair last year.

80-Year-Old Woman Lives In Wealth on Secluded Isle

THE PAS, Man. — (BUP) — Kathleen Rice, 80-year-old Northern Manitoba hermit, had something this week few of her secluded brethren possess — wealth.

On her lonely island, 100 miles northeast of this mining town, she has kept a jealous watch over her possessions for more than 30 years.

Only a few of her select friends have been allowed to visit the island which she reportedly guards with a shotgun.

The little island, situated on Wekunko Lake, from which she has eked out an existence for three decades has abundant mineral wealth.

It has been proven to be a source of rich nickel deposits and the find has paid her handsomely. Besides her wealth she is reported to be in good health.

Although she lives in a well-kent house and spends her leisure hours in her garden money hasn't changed life much for her.

A number of years ago she discovered the value of her island, and immediately staked and filed a claim in her own name. Later, in 1928, she formed the Rice Island Nickel Company.

The rich potentialities of the island soon spread through mining circles and the International Nickel Company sent out drillers to take samples of the ore. They returned without the ore samples and without putting a foot on the island.

They reported they had been halted off shore by a little gray-haired woman who had barred their way, brandishing a shotgun.

After years of negotiations the company finally received permission from Miss Rice to drill the land for samples. They found the results encouraging and after further negotiations offered her \$20,000 for a controlling interest in her company.

Dubbed "Lady of the Island" by residents of the nearby Herb Lake district, she continues her lonely life despite her healthy bank account.

Canadian industrial enterprise — apart from agriculture — provides jobs for 4,140,000 workers.

Application for Lease of Road Allowance or Surveyed Highway

Notice is hereby given that John Gonek of Alcomdale has made application to the Minister of Public Works, Edmonton, for a lease of the following road allowance or surveyed highway, viz: along west boundary of the S.W. ¼ 21-56-27-W4.

Any protest against the granting of the above mentioned lease must be forwarded to the Minister of Public Works, Edmonton, within thirty days from the date of this notice.

DATED at Alcomdale, Alberta.

Vegetables Can Be Highlight Of Meal

With a little thought, imagination and skill on the part of the cook, the most common vegetables can be made the highlight of the meal. Vegetables provide a wealth of color to choose from and combined with other foods lend great appetite appeal.

Fresh Asparagus in Onion Rings

1-1/3 lbs. asparagus
Bermuda onion rings
1-2 cup butter or margarine
2 teaspoons lemon juice
1 tablespoon finely cut chives
Snap off tough lower portion of stalks. Remove all scales and wash thoroughly. Tie in 4 equal bundles. Stand bundles upright in deep kettle. Add enough boiling water to cover lower half of bundles. Cook 15 minutes or until cut ends are tender. Lay bundles flat, continue cooking 10 minutes. Drain. Slip Bermuda onion rings around tops and bottoms of bundles. Remove strings, arrange on serving dish. Serve with the following sauce.
Melt the butter. Remove from heat, add lemon juice and chives.

Vegetable Timbales

1 cup cooked green beans, cut
1-2 cup diced cooked carrots
1-2 cup cooked peas
1-2 cup dry bread crumbs
1-4 cup grated American cheese

1 tablespoon lemon juice
1 teaspoon salt
Pepper
1 egg

Tomato Sauce
Combine beans, carrots and peas, with the bread crumbs. Add the cheese, lemon juice, salt, and pepper, then the beaten egg. Place the mixture in greased muffin tins and put in a pan of warm water. Bake. Unmold and serve with tomato sauce.

Springtime Special

Slice hard cooked eggs into a warm bowl, add a generous spoonful of soft butter. Add thinly sliced baby green onions, tops and all. Season with salt and pepper.

Mrs. Dawson Hostess To Ladies' Aid

CORONADO.—The April meeting of the Coronado Ladies' Aid was held at the home of Mrs. Ray Dawson. In spite of the inclement weather, about 17 ladies attended.

Sewing materials were given out and a quilting bee was organized to finish a green bow-tie quilt. Lunch was served by Mrs. Dawson and Mrs. Satterfield.

The next meeting will be held at Mrs. Martha Todd's home.

Serve with garden lettuce and old fashioned sugar, cream and vinegar dressing.

IMPORTANT PICTURE FOR CANADIANS !

When the "Imperial Leduc" steamed into Sarnia the other day she made important news for all Canadians and particularly for those who live in the prairie provinces.

The ship herself was news—the world's largest lake tanker on her maiden voyage. Even greater news was her cargo—the first shipment of Alberta oil into the Ontario market.

This new outlet for western crude means price savings of more than \$5 millions here in the prairies this year. Altogether, people in Alberta, Saskatchewan and Manitoba are now paying \$55 millions a year less for oil products than if the new oil fields hadn't been found. That works out to an average saving of more than \$80 for every family.

The larger market will increase Canada's oil production by almost one-half. Forty million dollars formerly spent for foreign oil will be available for other purposes. And of special importance it makes Canada surer of oil supplies in peace or war.

Arrival of the "Imperial Leduc" at Sarnia begins a new chapter in the story of Canada's economic development—a development which is making the nation more prosperous and more secure.

IMPERIAL OIL LIMITED
